

## Are You LOSING IT?

*Hair loss can be a devastating and emotional experience.*

Self-confidence plummets, you become embarrassed and insecure, and you feel less attractive as a full head of hair turns to stringy, sparse patches on your scalp.

*This doesn't have to happen.*

*VytaHair* attacks the major causes of hair loss, so you can keep looking and feeling great year after year. You've got better things to worry about. Stop the threat of loss before it interferes with your life

Read inside about how the *VytaHair System* works to stop hair loss.

Don't worry, all *VytaYouth* products provide a **100% satisfaction guarantee**. If you aren't happy with the results, we'll always be happy to work with you to find a replacement or refund the purchase.

*Try VytaHair for yourself* and tell us what you think. Your opinion holds a lot of weight with us, and feedback is greatly appreciated. Send us a Tweet or start a full discussion on our Facebook page!

*VytaHair* is manufactured in the **U.S.A.** in an FDA regulated & OSHA compliant facility. Not tested on animals; cruelty-free and **safe for the environment**.

VytaYouth

## *VytaHair System*

*3-Step Restorative Hair Solution with Pure & Organic Essential Oils*

## SIMPLE STEPS TO SAVING IT.

### *Just three steps!*

That's really all there is to it. *VytaHair* consists of a shampoo, nutritional supplement, and topical treatment. Just swap your favorite shampoo for this more targeted, fortifying option. The nutritional supplement can fit into your daily vitamin regimen with ease, and the topical treatment is so quick and easy to use, it'll be as if you barely even changed your routine at all.

# How does *VytaHair* work?

- **Stimulating blood flow to the scalp.**

Mentha Piperita, niacin, capsaicin, and more come together to promote optimal blood flow to your scalp. This is key to healthy follicles, but it's only one piece of the puzzle.

- **Reducing the production of DHT.**

Buildup of naturally occurring DHT shrinks hair follicles, inhibiting growth and leading to loss. *VytaHair*'s natural compounds reduce DHT in several ways, not just one.

- **Providing required key nutrients.**

Nutrient deficiencies are no joke when it comes to hair loss. Iodine, copper, and biotin are just a few essentials delivered in *VytaHair*.

- **Tackling oil buildup and inflammation.**

Oil buildup spurs bacterial growth, damaging the scalp and causing inflammation. After *VytaHair* cleans the skin, jojoba oil, keratin, and aloe vera restore moisture and nourish follicles.

- **Strengthening follicle bonds to scalp.**

Peptides stimulate scalp repair and encourage collagen growth for more vital, resilient skin. This can lead to increased strand diameter, giving a much fuller look and feel overall.

**Hair loss is not caused by one factor alone. Don't treat it as if it were. Attack the issue from all directions, inside and out. Start using *VytaHair* today.**

*VytaHair* uses only pure and organic essential oils, and includes a host of botanically derived and raw ingredients. This product does not contain synthetic fragrances, parabens, or petrochemicals and is safe for sensitive skin. Only the safest, most gentle types of surfactants available and mild preservatives are used.
